**TEAMVIPER**  
**VIP** Ski Transfers

The UK's Only Premium Ski Transfer Service

# When does your ski holiday start?

First drink at the airport?  
When you get to your chalet?  
When you get your hands on  
the lift pass?

If you're a  
**TEAMVIPER**  
customer your holiday  
starts as soon as you step  
outside your front door.

We take our customers from home to their UK departure airport in some of the most stylish, comfortable, safe and capable vehicles on the road. At the end of their holiday we are there to collect our customers from the airport, carry their bags and consider their every comfort on the homeward journey.

**Our Land Rovers are selected and stylishly modified to cope with everything winter can throw at them. Our drivers are trained in official Land Rover on and off road driving, first aid, fire safety, trailer handling and, of course, courtesy.**

So confident are we in our vehicles and ski transfer guides that, if the weather prevents us from getting you to the airport on time, we will not only give you a full refund but also £100 compensation per passenger.

So, if you are fed up with airport car parking, or seek a premium alternative to the taxi, then travel in style and comfort with the UK's only VIP dedicated ski transfer service.

- Premium Range Rover and Land Rover
- Discovery fleet
- Land Rover trained ski transfer hosts
- Enjoy chilled champagne, hot chocolate and warm pastries on the journey
- Watch ski and snowboard DVDs en route
- En route snow and weather reports from your destination resort
- Specially designed 'ski pod' trailers take as good care of your ski kit as we do of you
- All UK airports covered
